Together We Grow

Beginning a Journey

RAC GLOBAL CHEMICALS LLP is a multinational organization located in Chennai, with distribution centres across India. RAC Global is headed by an experienced board of directors leading a talented group of individuals with extensive knowledge and expertise in the chemical Industry.

Our commitment to become the leading speciality chemicals manufacturer and global distributor. Alongside our extensive product range and technical expertise, we deliver outstanding customer service and have built long-term partnerships with our customers over many years. Our specialized sales team provides high quality technical & professional services backed by years of experience.

Our strong relationship with the suppliers ensures customers are provided with a consistent supply of quality products at competitive prices even in the most challenging market conditions.

Quality

RAC Global is ultimately aims to supply quality materials to various industries. With our vast experience we can deliver our customers a variety of chemicals from different origins. With the backing of numerous local and global manufactures we can assure our customers the originality of our material. We do not depend on any third parties for distribution or delivery of our product, which ensures “Zero” tolerance on the Quality front.

*Quality is the integral part of everyday life for us to
bring **vaule** for our customers*

On Time Delivery

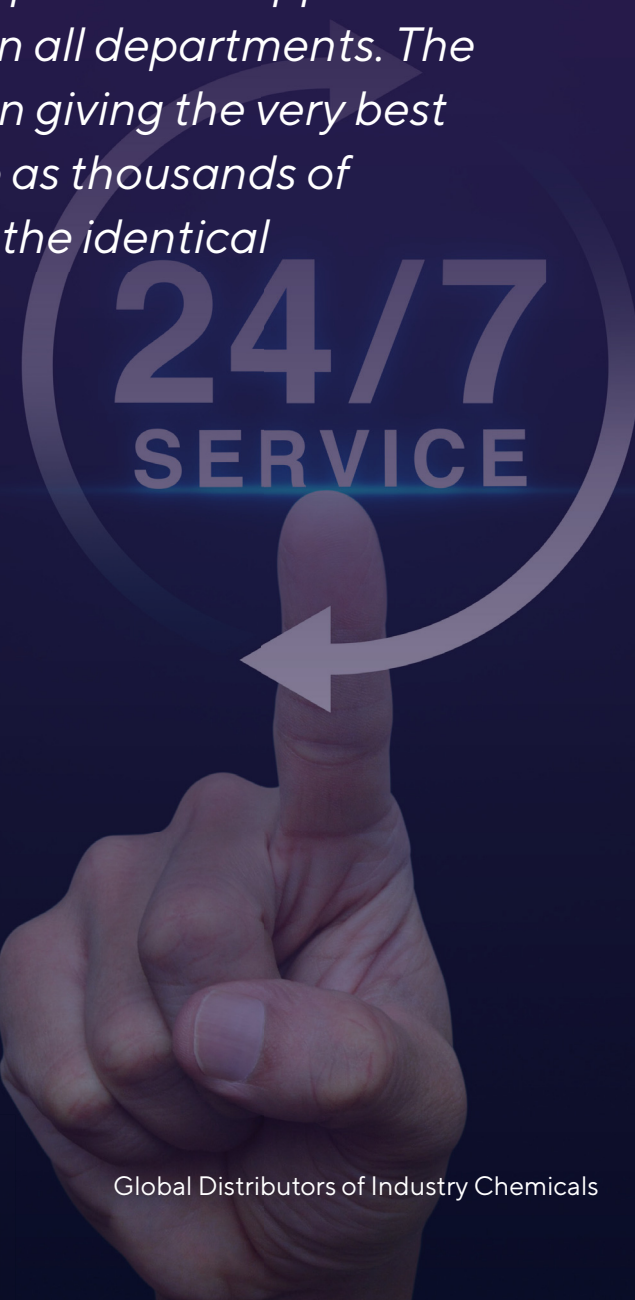

We do not depend on any third parties for distribution or delivery of our product. Hence, our customers can count on us on a timely supply. We have so far serviced the companies who are major players in their respective industries. Operating in a huge variety of markets, we connect business from all sectors with the chemicals they need on-time

*The Key of Our Success is that we have our
own strong logistic-team.*

Customer Care

Customers can expect round the clock, prompt services, RAC Global has well-trained professionals. A responsive administrative department supports to efficiently communicate and function as a liaison between all departments. The dynamic sales & Marketing force of RAC Global believes in giving the very best to all the clients. RAC Global has made deliveries as large as thousands of metric tons and as small as a few hundred kilograms with the identical dedication to service.

The Key of our success is that we have our own Strong Marketing & Coordination Team.

Soap Noodles

RAC Global is an exclusive distributor of KLK Oleo's soap noodles in India, RAC caters to the demand of Soap Noodles, with its strong marketing network.

Soap noodles specifications : Blend 80/20
